Paano I-Install ang program

Para magamit ng maayos ang program na ito kailangan nating sundin ang tamang pag-*install* nito.

Kailangang i-install ang program gamit ang installer na nakasulat sa taas (tingnan ang **Installer**).

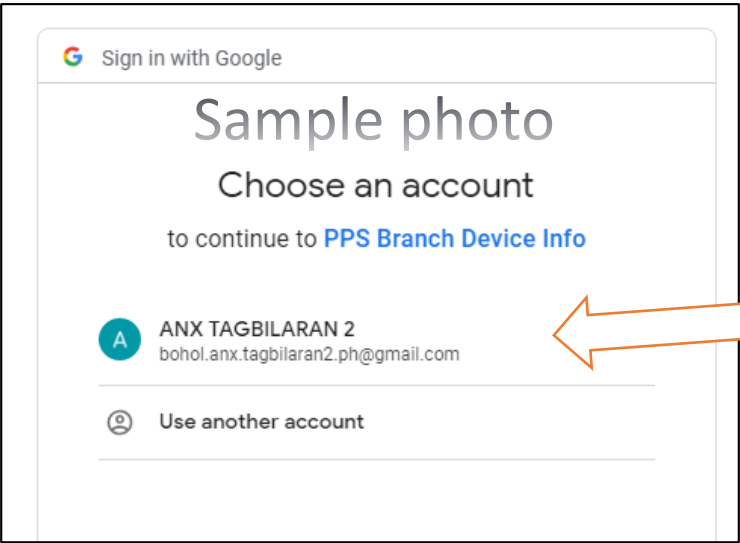

Lalabas and window na ito.

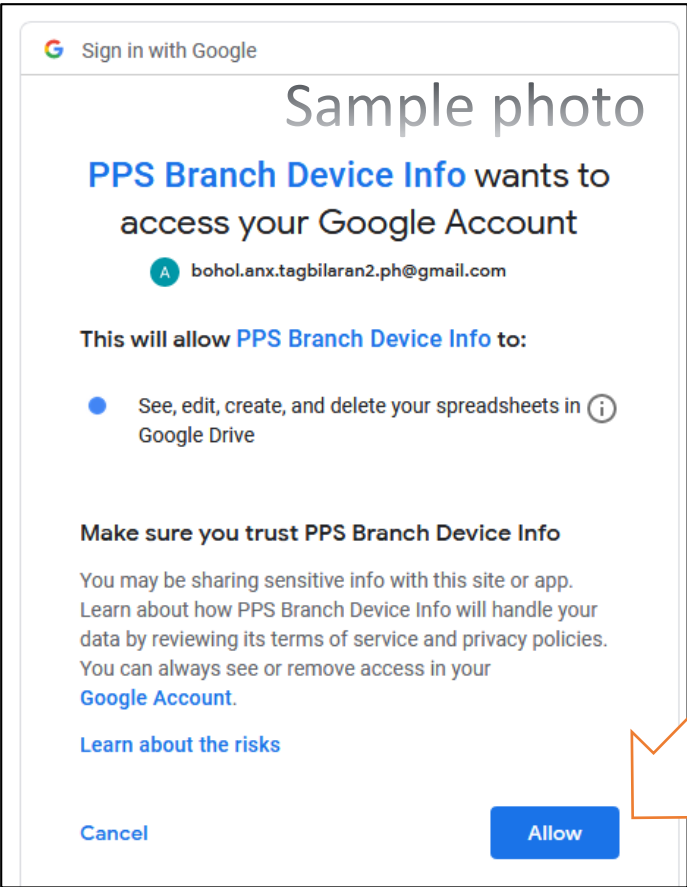

Pindotin laman ang install button. *Kailangang tingnan ang tamang Destination folder ito ay dapat nasa D:*

Pagkatapos nito, lalabas ang kanyan GUI (*tingnan ang Graphic User Interface*)

Kapag unang install pa lamang, ang program ay magbubukas ng iyong *browser* (ito ay maaaring GOOGLE CHROME, MOZILLA FIREFOX o kung anumang browser na *naka-default* sa iyong *system*). Ang program ay hihingi ng authorization sa taong gagamit.

1.
- Pindotin ang gmail account na siyang mag authorize sa program. Magandang gamitin ang branch gmail account.

2. Pagkatapos, pindotin ang Allow button. Kapag na allow na ang program may lalabas uling kompirmasyon.

3. Received verification code. You may now close this window.

4. Ganito ang lalabas.

Congratulations!!! Maaari mo ng gamitin ang program
